ValorVIP - Valorisation of project results for blind and Visually Impaired People

Call For Papers

General

The ValorVIP conference is a two-day event held as part of the Leonardo da Vinci project 'Valorisation Of Project Results For Blind and Visually Impaired People'. Dealing with the topic of vocational education and training for blind and visually impaired people, the conference will be held from

20th to 21st September 2007 in Graz, Austria.

A perfect platform for experts in the field, representatives of projects, organisations, institutions, authorities, and the target group itself from throughout Europe will come together and discuss the latest issues and results.

Following this Call For Papers, two key-note speakers will be selected and a number of summaries published in the conference catalogue.

Topics

Generally, we are looking for contributions covering the wide field of vocational education and training for blind and visually impaired people. In particular, we would be pleased to receive reports on:

- appropriate (sustainable) projects and their outcomes and/or impacts,
- scientific findings and insights,
- the implementation of projects and findings,
- research results,
- study reports,
- best practise experiences,
- etc.

Language

We are kindly asking you to hand in your papers in English.
